L1 Capital International

L1 Capital International is an independent active manager of global equities. We apply a detailed investment process built on a fundamental assessment of quality and value. We aim to deliver attractive risk-adjusted returns by investing in high quality companies in well-structured industries that we understand and that have favourable cashflow-based valuations. Capital preservation over the investment horizon is central to our investment philosophy and process. We view risk as a permanent loss of capital as opposed to volatility in share prices.
