L1 Capital International

L1 Capital International is an independent active manager of global equities. We apply a detailed investment process built on a fundamental assessment of quality and value. We aim to deliver attractive risk-adjusted returns by investing in high quality companies that have favourable cashflow-based valuations in well-structured industries that we understand. Capital preservation over the investment horizon is central to our investment philosophy and process. We view risk as a permanent loss of capital as opposed to volatility in share prices.

Investment Philosophy

L1 Capital International will generally invest in businesses we consider:

- Operate in well structured, growing industries
- Have durable business models
- Have aligned management with a strong capital allocation track record
- Generate growing free cashflow
- Demonstrate an ability to sustain high returns on invested capital
- Management can either reinvest capital at attractive incremental returns and/or return excess capital efficiently to shareholders
- Operate with a conservative balance sheet and funding structure
